Utilization Guidance

- Please attend ahead of time as the boarding starts from 10 minutes before each departure time.
- All the seats in the ship are unreserved seats.
- Please consult about your pets' boarding at our reception counter. (We may turn down your request when the cruise is crowded. Please note that.)
- We may change the cruising course or cancel the cruise due to the weather.
- We may change the port entrance and leaving time due to operation status (when the cruise is completely full)
- You cannot board with wheelchairs because the entrance door is narrow.
- We will depart for making our cruising tour after seeing inside of the sea in the port or at the near shallows. You cannot look at fishes during making a cruising tour.
- There is a case that fishes cannot be seen due to the water transparency.
- Our sea bottom room crowded with people, we will change into the shift system in case that all the passengers cannot get in the room all at once.
- As the steps to the deck on the 2nd floor are steep, please take care for children under elementary school students, pets, lame customers not to utilize the deck.

'Youmin Hook' Enters as Semisubmersible Type Underwater Observation Ship

Let's look at inside of the sea from our underwater observation room.

You can see inside of the sea from the observation room during moving at the shallows slowly.

They are the fishes you can see in Ito Port.

Girella

Apogon semilineatus

Pomacentrus coelestis

Parrotfish

Footballer

Mugil cephalus

Barracuda

Thalassoma cupido

Diadema

Red sea bream

Damsel fish

Indo-Pacific sergeant

Ses cucumbers

Sepioteuthis lessoniana

Bluespotted boxfish

Moray

Filefish

How many of them can you find?

Views during our cruising tour

Mt. Ohmuro

The mountain is a symbolic presence in Ito city, and it is the volcano whose evaluation is 580m. It is designated as a national natural monument.

Hatsu Island

The island, which is located at about 10 kms from Atami offshore, is the only manned island in Shizuoka Prefecture. It is possible to go there by ferry.

Teishi Island

It is the desert island floating on Ito offshore. The island was named as its shape is similar to clenched fist.

Shiofuki Rock

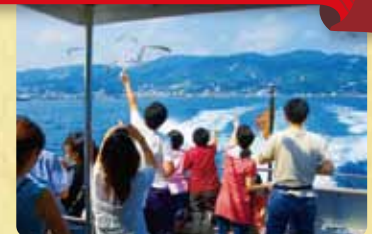

Let's feel sea breezes at the deck space.

You can enjoy in easy state in our roomy cabin as we control the fixed number of passengers. Let's feel sea breezes at the spacious deck space on the 1st floor and 2nd floor.

Let's enjoy feeding seagulls.

You can enjoy giving foods to following seagulls. They sometimes eat from your hand if you reach it.

Air-conditioned in the front cabin on the 1st floor

You can take a commemorative photo with pirate goods

Making Our Cruising Trip with Your Pet

You can board with your pet free of charge by using a leash or gauge.
